Canine Distemper Virus (CDV) Vaccination Waiver

Signature is required for absolutely everyone who brings a ferret into an AFA event.

I, _____, understand that I am fully responsible for the health of the ferret(s) that I wish to bring into the AFA event with me today.

I understand that CDV is almost 100% fatal in ferrets. I understand that appropriate vaccination against CDV is the best protection for my ferret(s) to avoid this disease. I fully understand my obligation to keep my ferret(s), and thereby the ferrets of others, as safe as possible from CDV.

I have read and I understand the AFA Vaccination Policy.

I hereby attest that each ferret I have with me today has been vaccinated against CDV in an appropriate manner that will best ensure the ferret's protection from this disease.

I hereby attest that my ferret(s) has/have had no known exposure to the Canine Distemper Virus. I understand that if I fail to vaccinate my ferret(s) properly against CDV, or I bring a ferret with known exposure to CDV to an AFA event, which subsequently results in CDV exposure to other ferrets, legal and disciplinary action may be brought against me.

I hereby agree to bring proof of CDV vaccination (or titer of 64 or above) dated between the dates of 10/08/2015 and 10/08/2016.

I hereby agree to indemnify and hold harmless American Ferret Association (AFA) and the Greater Chicago Ferret Association from and against any and all claims, suits, damage or damages, and/or loss or losses, and/or action or actions of any kind as the result of, and arising out of, the attendance of my ferret(s) at this AFA event.
